- Võ Đăng Huy
- Phạm Phúc Lộc
- Mạc Lê Đức Minh

Sprint 6 Task:

- Create Services: This task involves developing and implementing new functionalities for our platform. We'll analyze requirements, design, code, test, and integrate these services while prioritizing security and seamless user experience. We aim to enhance our platform's capabilities and offer more value to our users.
- Fix Purchase Page: We'll resolve any reported bugs, enhance the user interface, validate inputs, and improve error handling. This ensures a smoother and more reliable purchasing process, boosting user satisfaction and confidence in our platform.
- Testing: We'll proceed with different types of testing, like unit, integration, functional, and security testing, to ensure the software's quality and effectiveness.
